

SHAYBAN NASIF

Tokyo, Japan | +81-80-4749-2277 | iam.snasif@gmail.com | linkedin.com/in/shayban-nasif-tonmoy

Results-driven professional with over 10 years of experience spanning business development, project management, IT system development, and technical education across Japan and Bangladesh. Skilled at bridging technical and business domains — from embedded systems and data analysis to stakeholder coordination and international business expansion. Proven track record in cross-cultural environments, with business-level proficiency in both English and Japanese. Recognized by IEEE for research in embedded systems; selected among Bangladesh's top 50 IT graduates for advanced training in Japan.

CORE COMPETENCIES

- | | | |
|-----------------------------------|-----------------------------------|---|
| ▶ Project & Program Management | ▶ System Development Management | ▶ Data Analysis & Visualization |
| ▶ Business Development & Strategy | ▶ Stakeholder & Vendor Management | ▶ Embedded Systems & Robotics |
| ▶ Cross-cultural Communication | ▶ KPI / OKR Tracking & Reporting | ▶ Change Management & Process Improvement |

PROFESSIONAL EXPERIENCE

Business Development Manager

Oct 2025 – Present

Asdiqa Co. Ltd. (アスディカー株式会社), Tokyo, Japan

- Lead business development initiatives and coordinate internal projects across multiple departments.
- Manage project planning, scheduling, documentation, and progress tracking to ensure on-time delivery.
- Build and maintain relationships with partners and vendors, aligning expectations and deliverables.
- Prepare KPI reports, management presentations, and executive summaries for senior leadership.
- Drive change management initiatives and process improvement activities across the organization.
- Facilitate cross-functional meetings, capture action items, and ensure timely follow-through.

IT Business Manager – System & Development

Sep 2023 – Aug 2025

MB IT Park Co. Ltd., Tokyo, Japan

- Managed end-to-end system development projects, including inventory and business application builds.
- Oversaw requirements gathering, development lifecycle, testing, and deployment coordination.
- Conducted business data analysis to support operational decision-making and reporting.
- Drove new business development initiatives and led implementation planning.
- Maintained global communication channels with overseas partners and stakeholders.

Global Supply Chain Planner

Nov 2022 – Aug 2023

SoftBank Robotics Corp., Tokyo, Japan

- Managed global supply chain operations, including demand forecasting and order planning.
- Coordinated with international sales bases and suppliers to ensure delivery accuracy.
- Administered SAP system for sales & operations management, purchase orders, and invoicing.
- Resolved quality and delivery issues through direct communication with global stakeholders.
- Prepared data-driven operational reports and KPI summaries for management review.

Consultant – Asian Business Development

Mar 2020 – Jul 2022

Fujitsu Research Institute (FRI), Tokyo, Japan

- Provided offshore business development and expansion consulting for Japanese companies entering overseas markets.

- Identified and developed collaboration opportunities between Japan and Bangladesh's IT industry.
- Organized IT seminars and corporate matching events in cooperation with the Bangladesh and Japanese governments (JICA, Bangladesh ICT Division).
- Conducted field and desk research; published reports on Bangladesh's IT and energy sectors.
- Designed curricula and led technical planning for cybersecurity training programs for young Bangladeshi engineers.
- Performed data analysis and visualization using MS Excel and Tableau to support business and policy insights.

Lecturer – Computer Science & Engineering

Jul 2017 – Feb 2020

Varendra University, Rajshahi, Bangladesh

- Delivered undergraduate lectures on Microprocessors, Microcontrollers, Embedded Systems, Electronics, and Digital Signal Processing.
- Founded and supervised the university Robotics Lab; organized robotics workshops, crash courses, and competitive events.
- Guided students in hands-on embedded system and IoT projects using microcontroller platforms.
- Managed departmental scheduling, examination coordination, and semester result processing.

Optimization Officer

Dec 2016 – Jun 2017

Banglalink Digital Communications Ltd., Dhaka, Bangladesh

- Conducted network KPI analysis, drive testing, and site optimization for nationwide mobile network.
- Drafted new site plans (HBA, Azimuth) and attended trouble tickets and customer complaints.

R&D Engineer (Part-time)

Jan 2014 – Jun 2019

3Engineers, Rajshahi, Bangladesh

- Designed and developed microcontroller-based products; supervised project teams.
- Conducted hands-on training courses in electronics, robotics, and embedded systems for students and professionals.

EDUCATION

B.Sc. in Electrical & Electronic Engineering (EEE)

Rajshahi University of Engineering & Technology (RUET), Bangladesh | 2016 | GPA: 3.15 / 4.00 (1st Division)

Final thesis: Head Gesture-Controlled Wheelchair — published on IEEE platform.

TRAINING

Technical Trainee – Foreign IT Training Program

Fujitsu Research Institute (FRI), Tokyo, Japan | Sep – Dec 2019

Selected among top 50 IT graduates by Bangladesh ICT Division for 3-month training in Japan covering Data Science, AI, Machine Learning, and RPA. Included Japanese corporate culture immersion.

TECHNICAL SKILLS

Project Management	Planning, scheduling, KPI/OKR tracking, stakeholder coordination, change management, Agile & Waterfall
System Development	Requirements analysis, development lifecycle management, inventory systems, business applications
Data Analysis	Microsoft Excel (Advanced), Python (Pandas, NumPy), Tableau, SQL
Programming	Python, C / Embedded C, SQL
Embedded Systems	Microcontroller programming (AVR, Arduino), sensor integration, IoT, robotics system design
Business Tools	SAP, ServiceNow, SharePoint, Microsoft Office Suite, SCCM

CERTIFICATIONS

- Python Programming — Coursera
- Machine Learning with Python — Coursera
- Fundamentals of Visualization with Tableau — Coursera
- Advanced Microsoft Excel Certification
- Network Fundamentals (Cisco-based) — self-directed CCNA-level study

LANGUAGES

Japanese — Business Level (documentation, reporting, email communication)

English — Business Level

Bengali — Native

VOLUNTEER & LEADERSHIP

- Technical Secretary — Robotic Society of RUET (2014–2015)
- Technical Head — Bangladesh Robotics Foundation, Rajshahi Branch (2019–2020)
- President — Natore Zilla Association, RUET (2014–2015)
- Microcontroller Trainer — Robotic Society of RUET (2013–2014)
